

VISION

Give every Solutions Architect instant, cited answers about funding rounds, acquisitions, and investor activity — without digging through news feeds or PitchBook manually.

Ask in plain English. Get grounded answers with source links in seconds. Session memory retains context across follow-up questions.

LIVE DATA SOURCES

SEC EDGAR Form D PR Newswire GlobeNewswire TechCrunch Hacker News a16z Portfolio
Sequoia Companies Y Combinator Accenture Newsroom Accenture Ecosystem Partners

ACCENTURE RELATIONSHIP INTELLIGENCE

Auto-generated from public sources — updated with every /pipeline run.

The pipeline scans 6,000+ indexed chunks for Accenture co-mentions, extracting partnerships, investments, and client relationships into a structured CSV.

Example relationships found this week: **Profitmind** (investment + partnership), **Palantir Technologies** (co-selected by Sovereign AI), **NTT DOCOMO GLOBAL** (Universal Wallet Infrastructure partnership), **ScottishPower Renewables** (BOSLAN client win).

WAYS TO USE IT

Local (runit.bat)

Best for SAs on Windows

1. Clone: https://dev.azure.com/genlite-azure/genlite_saagents/_git/pb
2. Run **setup.bat** — enter your API key when prompted
3. Run **runit.bat** — browser opens automatically
4. Start asking questions

Pulls the latest data index on every launch. No crawling required.

Streamlit Cloud

Browser-only, no install needed

1. Request access from your team lead
2. Open the link below — sign in with your email
3. Enter the shared API key (provided with access)
4. Start asking questions

pbobserver.streamlit.app

CURRENT LIMITATIONS & ROADMAP

⚠️ Public sources only

SEC filings, press releases, and tech news. No PitchBook, Crunchbase, or paid data feeds yet.

⚠️ Weekly refresh cadence

Index is updated weekly by the admin. Real-time alerts are not yet supported.

⚠️ Session memory only

Conversation context resets when you close the browser. Persistent memory across sessions is on the roadmap.

✓ Accenture relationships (new!)

Partnerships, investments, and client wins auto-extracted from Accenture Newsroom and ecosystem data. CRM integration planned.

GET YOUR CLAUDE API KEY

Required for local use · Not needed for Streamlit Cloud access

1. Go to console.anthropic.com and sign in with your work email

2. Navigate to **API Keys** → click **Create Key**
3. Copy the key (starts with sk-ant-) — you will not see it again
4. Paste it when **setup.bat** prompts you, or enter it in the Streamlit sidebar
